| Name | Occupation | Age | Looking For | Team Member | Situation |
|--|--|--|--|-------------|---|
| Maria Rodrigues Daisy Rodrigues Ruby Rodrigues | Maria: Works as a cashier at a local Bodega. She is busy often times, but has time for family Daisy: Student at a local elementary school Ruby: Retired | Maria: 32 Daisy: 7 Ruby: 65 | Maria would like a place that she can bring her daughter or mother to and let them have fun. She feels bad that they are cooped up in the house all the time. Daisy would like to play on the streets with her friends from the first grade, and Ruby would like to be able to enjoy the sunshine sometimes. Maria has heard about the Mobile Recreation Unit through the community. She thinks it would be great for her mother or daughter, but she's not too sure where the unit is each day and what time it is active from. She would like a simple way to look up this information, and b better informed. | Jon | single mother with elderly parent and young daughter |
| Jennifer Shay, Heather Shay, Robert Shay | Jenny: gets paid by her parents to babysit her younger siblings. Heather: Wants to be just like Jenny, copies her likes/dislikes/fashion/ect. Bobby: youngest of the three, loves video games and can play for hours on end without exercise. | Jenny: 17 Heather: 14 Bobby: 12 | It is a nice spring weekend afternoon and Jenny's parents went to dinner over a family friend's house, leaving her to babysit her two younger siblings. Heather <i>always</i> wants to play dress up and Bobby is always playing video games on the computer, no matter what the circumstances. Jenny would like to bring her siblings somewhere fun where they can get out of the house and all have a good time together. | Coral | older sibling trying to engage younger sibling(s) |
| Debra Crane | Librarian at Trenton Library | Age 45 | Debra is running late for work, so she checks the mobile app on her smartphone to find out where the T-Recs mobile unit was that day. She meets up at the location and checks the app again to see how many people are expecting to use the free dental screenings that day. Later, she uses the app to show a few kids a new book that the library just got in, and tells them they can check it out tomorrow. | Shelby | health care/library person using app/SMS to advertise |
| Daphnie Santiago | High school student - home alone a lot because her parents work late. Struggles in school and takes breaks from studying to relax | 15 | It is after school, Daphnie's parents are working late again and she wants to get out of the house for a few hours. She has spent the last few days studying for a math test that she is nervous about. Daphnie needs a break from her home and studying and the weather is nice enough to go out and find distractions. | Isabel | 15 year old kid who wants to get out of the house |
| Julie Taylor and Family | Works as a nurse in the local hospital - long hours that do not fit the kids' school schedule | Mom - 30 Emily - 6 Zach - 12 Tim - 16 | Mom is looking for a place where her kids can go that is safe and recreational. Because of her long hours, her oldest kid takes care of the younger kids. The activity must allow for the 16 year old to take the 12 and 6 year old, because she is unable to make it on occasion. Because she is a single mom, she has a lower income, and would love a free program in the city that provides a safe place for her kids to play. | Elizabeth | Parent with low income and three kids in different age groups (6, 12, 16) |
